From: Joel H. Hersh, Executive Director

Good Day: Recently it was brought to my attention that several CARTs were going to implement, or have implemented, a membership fee for volunteers to be a member of their CART.

Please be advised that no membership fees have been approved by the Board of Directors. **PASART and the CARTs may not have a membership fee for volunteers unless expressly directed by action of the Board of Directors.**

If your CART has instituted such a fee, you are advised to cease this practice immediately. Further, if you have collected any membership fees, you must return them immediately. Please inform all CART members of this email. Thanks, Joel
